vanedequipment.com

sales@vanedequipment.com

The Kenco Pipe Lift™ is the safest, most cost-effective way to move metal, plastic or concrete pipe. Increase production output and decrease time spent on pipe lifting operations.

No Hydraulics
complete mechanically
driven action

Automatic Actuator
perform one pick after
another, hands free
Size: Small, included

Wide Profile
creates a stable lift even
if pipe is gripped off-center

Rubber Lined
protects the surface
of the pipe
