vanedequipment.com

sales@vanedequipment.com

The Kenco Pipe Lift™ is the safest, most cost-effective way to move metal, plastic or concrete pipe. Increase production output and decrease time spent on pipe lifting operations.

No Hydraulics  
complete mechanically  
driven action

Automatic Actuator  
perform one pick after  
another, hands free  
Size: Medium, included

Wide Profile  
creates a stable lift even  
if pipe is gripped off-center

*\*Can be fit with rubber lining  
at additional cost*
