

# EXB-CL CLEAN UP BUCKET

\* Attachments depicted may include optional paint, upgrades, or custom configurations.

Featuring a larger capacity than our standard ditching bucket, the Craig Clean Up Bucket is ideal for cleaning out established ditches that have become overgrown over the years and general bulk loose material handling. Equipped with drain holes for working in wet environments, this bucket can be equipped with either a straight or a serrated cutting edge for higher penetration on badly overgrown ditches.

- Cutting edge is reversible and replaceable
- Available in Wedge Lock, Pin-on, S Series, or Manual Bar Lock lugging
- Comes pre-drilled for bolt-on cutting edge
- Tapered shell profile for easy loading and dumping
- Horizontal wear bars standard
