MULCHERS FOR EXCAVATORS

PML/HY

Flail mulcher for 1.5–2 t excavators.

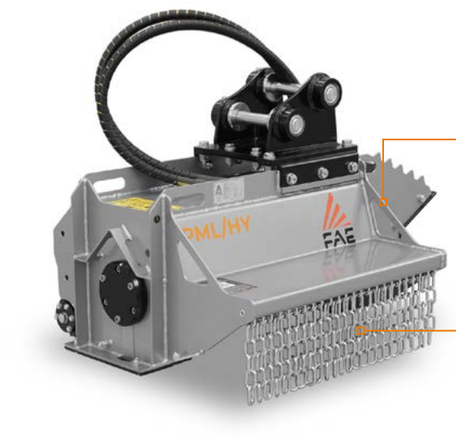

The PML/HY flail mulcher for 1.5–2 t excavators can shred light vegetation and shrubs up to 3 cm / 1 in in diameter. The head is designed for high productivity, durability, and easy installation and maintenance. The PML/HY's Direct Drive motor minimizes routine maintenance and allows for a reduced footprint. The hydraulic motor is compatible with excavators that do not require a drainage line, simplifying and enabling plug-and-play installation.The PML/HY can be equipped with PML hammers or Y-flails.

1,5-2 t

25-45 L/min

3 cm

Direct Drive Moto
for less maintenance and greater compactness

Interchangeable protection chains

Fixed thumb bracket built into the frame
useful for moving material that needs to be mulched

Adjustable support roller

STANDARD EQUIPMENT

11 cc-gear hydraulic motor	Thumb bracket
Flow Control system valve with integrated safety and anticavitation valves	Interchangeable protection chains
Direct-drive transmission	Welded counter blades
Motor enclosed in the frame	Wear-resistant interchangeable Hardox® soles
Enclosed, dust-resistant machine body	Support roller
Hydraulic hoses	Rotor with PML hammers
Rubber protection	

OPTIONS

Customized attachment bracket with pins	Multiple tooth options
Attachment plate with self-leveling device	

MODEL	PML/HY-50	PML/HY-75
Flow rate (L/min)	25-45	25-45
Pressure (bar)	180-250	180-250
Excavator weight (t)	1,5-2	1,5-2
Working width (mm)	504	704
Weight (kg)	160	190
Rotor diameter (mm)	360	360
Max shredding diameter (mm)	30	30
No. hammers type PML	8	10
No. flail type Y/2	8	10

Data refers to machine as standard set-up. Options may have reflects on weights and dimensions.

MAIN ACCESSORIES

Customized attachment bracket

Attachment plate
for excavators

Possibillity to have the rotor equipped with PML hammers or Y-flail
